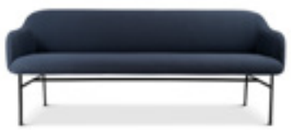
SERIES
A - H

ACCESS 27-49
A completely new storage line and desks with the focus on function and choice.

ARC 53-55
A solid wooden stool with a characteristically Nordic design.

CLAIR 59-63
A neat and elegant sofa that blurs the boundary between private and public spaces.



CONE 67-71
A pedestal that combines easily with all types of chairs and is built to last.

EASE 81-101
Versatile dividers and screens to create a room within the room.

EMBRACE 103-105
A sound absorbing floor screen with Soundfelt that divides and encloses.

EVE 111-115
A wide series of office chairs available in a range of equipment options.

FEATHER 117-127
Versatile and adaptable chairs and tables designed with elegance to fit many different environments.

GATHER 129-133
A modular sofa series that enables an endless number of combinations.

HUG 135-139
A light chair composed for comfort, accessibility and function.

SERIES
L - X

LOOP 141-143
A comfortable stool designed for public environments and to cope with a great deal of wear.

NEAT 145-179
Storage units and desks with an airy, streamlined appearance for modern offices.

OPUS 185-187
A Sit 'n' Stand desk that offer less choices and the same high and dependable quality.

PART 189-195
A room-dividing storage system, with a back side as attractive as its front.

PIECE 197-214
Designed for creative work & meetings.

RESOLVE 217-221
Sofa and armchair with generous widths, made for undisturbed conversations.

RESOLVE PLAY 223-227
A playful and characterful sofa that connects with Velcro.

SOLID 233-237
A solid wood table top produced in full stave with a groove on the underside that offers a comfortable grip.

ZIV 239-243
A comfortable chair and sofa available with a number of different frames.

X-PRESS 13-23
A selection of our most popular furniture for the work space, ready for delivery within five days.

> Edsbyn has been around for 120 years, the secret of our success is the ability to change. The goal with the project #rethinkwork is to find newthinking answers for a functional and pleasant workplace in the future.
> - Bengt Gunnarsson CEO, Edsbyn.

#RETHINKWORK

No.

Edsbyn does not intend to guess what the next-gen workplace looks like.

We will find out.

An office revolution is ongoing. Digitalization questions the norm of how and where work is done, the need at the physical environment changes. It's time to stop, ask the right questions and dare to listen. This project is the starting point for a deep and honest analysis of the workplace, run by Edsbyn in collaboration with Superlab. The analysis starts in Edsbyns interactive booth, at Stockholm Furniture Fair 2020, Conceptualized by Superlab and Designed by Jens Fager. Are you curious about the future workplace? Welcome to join us on this journey!

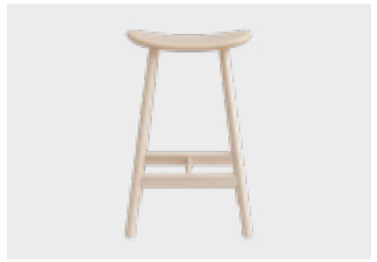
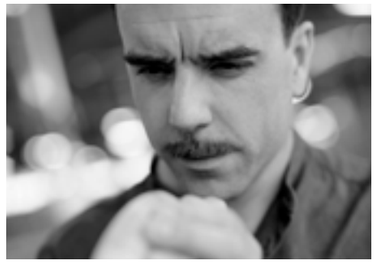
NEW

ARC STOOL

DESIGN JENS FAGER





When Jens Fager was granted the honor of designing a stool for the Swedish National Museum, he enlisted the help of the Edsbyn woodshop.

Arc Stool was born – A solid wooden stool with a characteristically Nordic design. The elegant lines and curves of the seat are borrowed right from the Swedish National Museum's Nordic architectural style. The masterfully turned legs and foot rest lend the stool its finer details, reflecting Jens Fager's deep respect for the wood.

"A solid wooden stool that will stand the test of time, not just in the halls of the new Swedish National Museum but in many rooms the world over"

Design Jens Fager

NEW

CLAIR CAFÉ SOFA

DESIGN ANDREAS ENGESVIK, OSLO

A neat and elegant sofa that blurs the boundary between private and public spaces with its soft lines and practical functions. With a higher seat height, the Clair Café Sofa is ideal for cafés, restaurants, libraries, and waiting rooms. The straight outer contours make it easy to place in a room, and allow several sofas to be combined back to back as well as side by side.

Clair Café Sofa is designed with a tasteful “crumb gap” that keeps the furniture piece fresh and easy to clean.

Design Andreas Engesvik, Oslo

NEW

PIECE SERVE

DESIGN TEA

A stylish recessed holder that fits as an accessory to the Piece Table
and are easily placed in the cut-out for the cable management.

Piece Serve creates an impression on the room, it is waterproof and the content can be varied according to the occasion. The drainage with a cover plug makes it easy to keep clean.
The holder is made of sheet metal and is available in the same standard colors as we offer Piece Table legs; White, Black, Misty Grey and Dark Chocolate.

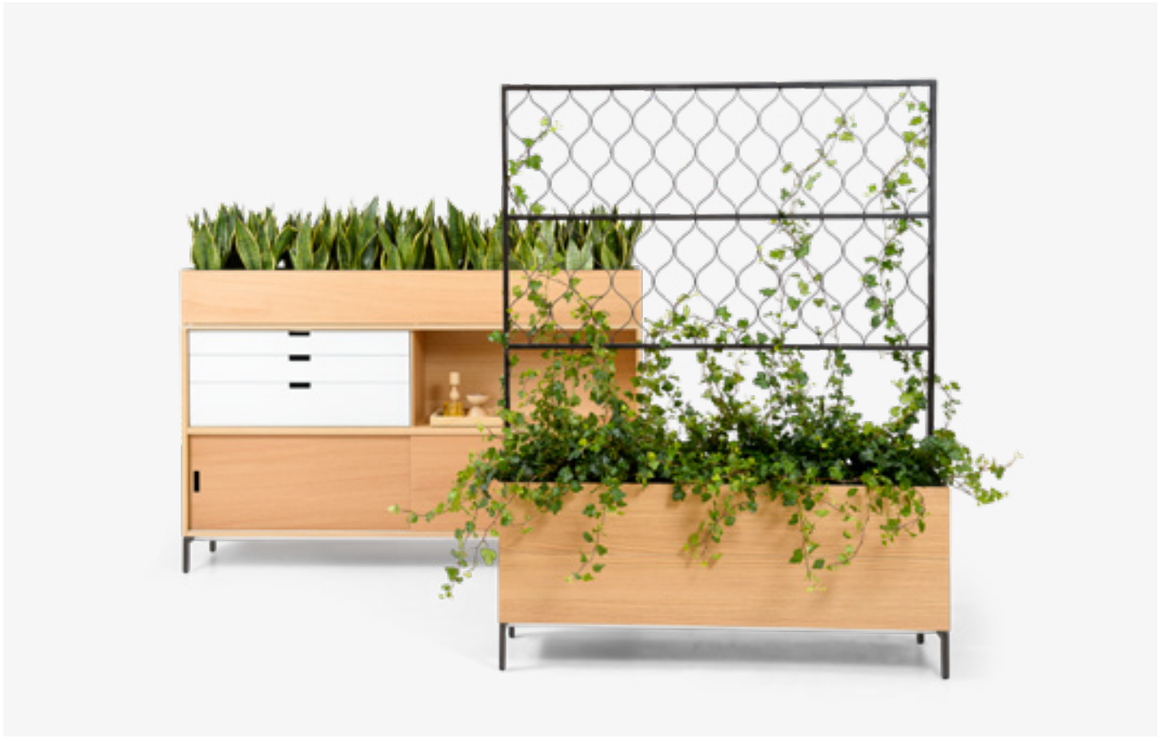
"Piece Serve can be used as a storage tray by day, an ice bucket for your evening celebration or even as a pot for fresh herbs to add that finishing touch to your lunch meeting"

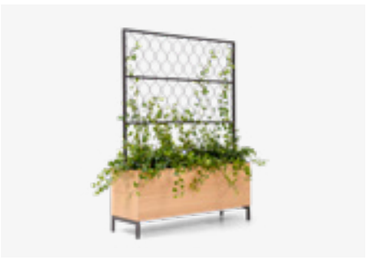
Design TEA

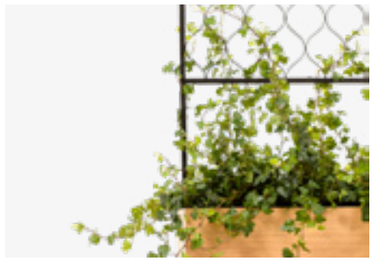
NEW

NEAT GREEN NET

DESIGN TEA







This decorative trellis is a complement for the Neat Green flower box.
The medallion-shaped net is ideal for climbing plants and make the trellis a room divider where you decide on the transparency with your choice of plants.

Neat Green Net is made of steel and is available in the range of three widths 800, 1200 and 1600 mm. Choose from the colors Black, White, Misty Grey and Dark Chocolate. The trellis is inserted directly into a mount in Neat Green, the floor-standing flower box.

“Aesthetics, Function and Character that evoke historical references. The soft medallion-shapes give a beautiful contrast to the otherwise streamlined design of the Neat series ”

Design TEA

This picture is for inspiration. Black handles & Flexlock does not belong to the X-press-series.

X-PRESS

When getting started is more than urgent.

The X-Press range contains a selection of our most popular furniture for the work space.

MATERIAL & COLOURS

Access Storage comes in a broad range of authentic veneers in Birch, Oak, Ash, laminate and with beautifully painted surfaces.

The Fern Green and Sandy Grey shades have been specially designed by Jens Fager. Fern Green was inspired by bracken and our serene Swedish forests. Sandy Grey conveys a sense of boulders crumbling into sand.

"Beautiful, subdued and serene"

EASE

Not merely a screen system. Ease is probably one of the market's most versatile furniture programmes, providing everything from standing or hanging room dividers to clean workplaces, interview rooms, seating areas and suspended ceilings.

Attractive accessories such as clothing hooks and shelves make it easy to create interesting environments. Ease is perfect for the creative process! Simply pin sketches and inspiration images onto the Ease screens.

Because Ease is manufactured from a material normally used for sound absorption in the vehicle industry, Ease is perfect for environments where you need to reduce noise levels. The material consists of recycled PET bottles and textiles which are compressed into self-supporting screen elements. The design is unique in the world, patented and Nordic Ecolabelled.

Ease is probably one of the market's most versatile furniture programmes, providing everything from standing or hanging room dividers to clean workplaces, interview rooms, seating areas and suspended ceilings.

EMBRACE FLOOR SCREEN

A sound absorbing floor screen with Soundfelt that divides and encloses. Create a balanced environment in the working area for better efficiency, focus and wellbeing.

The screen is available with small feet for unlimited combinations of connected screens, to create a room in the room, or with larger feet for free standing.

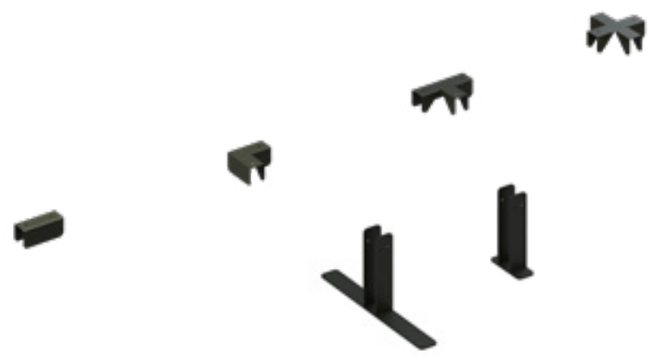
Soundfelt is an environmentally smart product made from a high proportion of recycled PET bottles and has a good sound absorption capability.

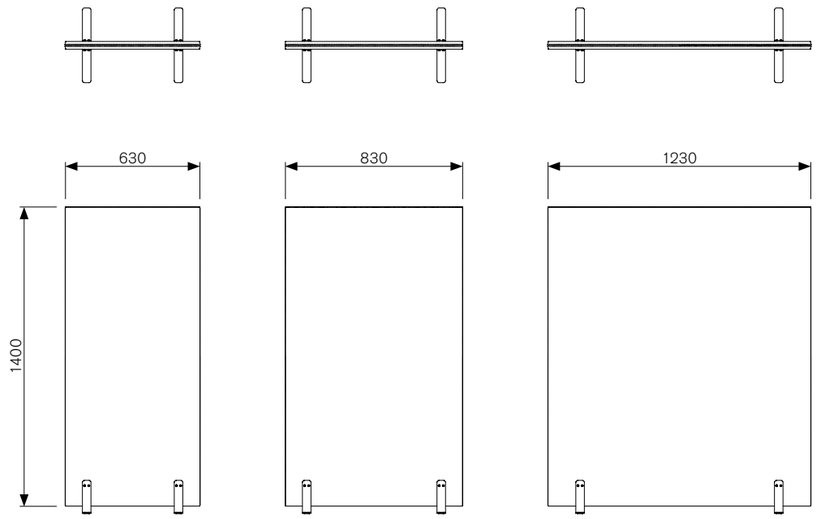
Attach pins directly on the screen and use it as a pin board.

By Edsbyn

EMBRACE FLOOR SCREEN

Fiberboard with sound absorbing material on two sides.
Textile covered. 36 mm thickness. Height 1400 mm.





TECHNICAL SPECIFICATION

SCREEN
Height: 1400 mm (1435 mm incl. Foot)
Width: 630 mm, 830 mm, 1230 mm

Corner: Straight
Textile: Free choice from Edsbyn's regular screen fabrics

FOOT
Length: 350 mm (freestanding screen) & 100 mm (connected screen)
Lacquer: Black, white and silver

CONNECTION FITTINGS
Angle Straight, Angle 90 degrees, 3-way T-coupling & 4-way T-coupling

E-POS

E-POS is available as armchair, sofa, stool and table.

FEATHER

All of the furniture in the Feather family has carefully designed details. Examples of this on the chairs are the change in dimensions in the transition between the legs and the back support attachment, and how the radiuses of the back support, seats and legs complement each other. These make Feather a »silent chair« with character!

The name Feather reflects its elegance and resilience. The attachment of the back is not merely attractive, it also provides a resilient effect which gives very good seating comfort.

The chairs in the Feather family are versatile and adaptable, and can be used in many different environments, from offices to conference spaces, restaurants and schools. The design is so attractive that it even works in a domestic environment.

The variations available in terms of colour, form and material make it possible to give your interior decoration a personal touch.

TECHNICAL SPECIFICATION

TABLE TOPS

The table tops are manufactured as 19 mm MDF with straight edges. Available in different surface materials such as veneer, desktop or high-pressure laminate.

Veneer is a living material and Edsbyn takes no responsibility for the variation that may occur in color or structure of delivered products

LEGS

Leg in white lacquer (RAL 9003), black (RAL 9005), Dark chocolate, Misty grey, chromium and silver. The Feather table is available in 730 mm height (inc. table top).

GATHER

Combining the best of two worlds; the practicality of a modular system and the aesthetics of a stand-alone sofa. Create the most suitable configurations for your needs without compromising on aesthetics or comfort.

Slender legs are mounted on a solid steel frame with separate modules placed on top. This gives the programme several benefits in terms of production, logistics, configurations and assembly. The holistic expression of Gather is based on its chunky yet fitted volumes intersected by the characteristic seam running around the sofa. A perfect sofa for the workplace or even the home.

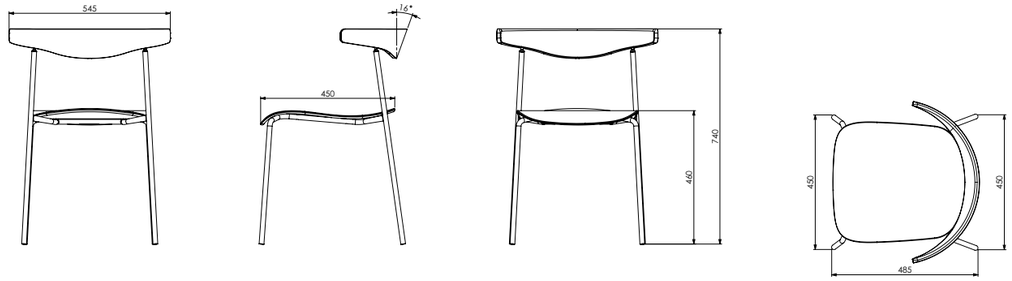
HUG

This is a chair composed for comfort, accessibility and function. The challenge has been in working with the pressed veneer to achieve bold curves which are comfortable yet retain the clean lines and strength of the material.

The Hug chair is perfect for every occasion, every person and every place. It can be suspended to a table by its frame, to facilitate cleaning and making everyday life a little simpler.

Design Jens Fager



20**693**

LOOP

The idea was to create a simple and comfortable but stable and tough stool with a unique character. A stool for public environments with many people in movement and the need to cope with a great deal of wear.

You can vary the Loop Stool in terms of structure and thereby appearance, making it perfect for a range of touchdown spaces – from activity-based offices and lounges to bars and restaurants, bus and railway stations or airports. The Loop Stool is available in two heights and is suitable for a variety of different types of tables and environments.

The Loop Stool can be produced in conceptual monochrome, elegant leather upholstered with a leather-wrapped back support or in a sporty version with technical fabrics and soft cellular plastic in the back support.

ACCESSORIES

Accessories that make daily work a bit smoother and more fun.
The Neat series offers many functional and stylish electrical accessories.
Contact us for more information.

NEAT Storage is available in width 800, 1200 and1600. Height 2 x A4, 3 x A4, 4 x A4 and a 1 x A4 upper unit. Crest top in marble. Closed plinth or legs in metal.

With NEAT storage you can match the body inside and out, front and back, as well as doors and drawer fronts.

NEAT STORAGE

By removing excess space from the cabinet, both in terms of height and depth, and using slender dimensions for the frame and doors, we have given Neat its own unique expression, which is greatly appreciated by architects and interior decorators.

Neat Storage units are as attractive from the back as the front and provide a plethora of variation opportunities. Match materials and colours according to your own desires. For example, you can choose different colours or veneers for the inside and outside of the frame. Doors and drawer inserts also enable creativity, as do the backs, which are available in Lacquer or with a textile covering for a more relaxed feel.

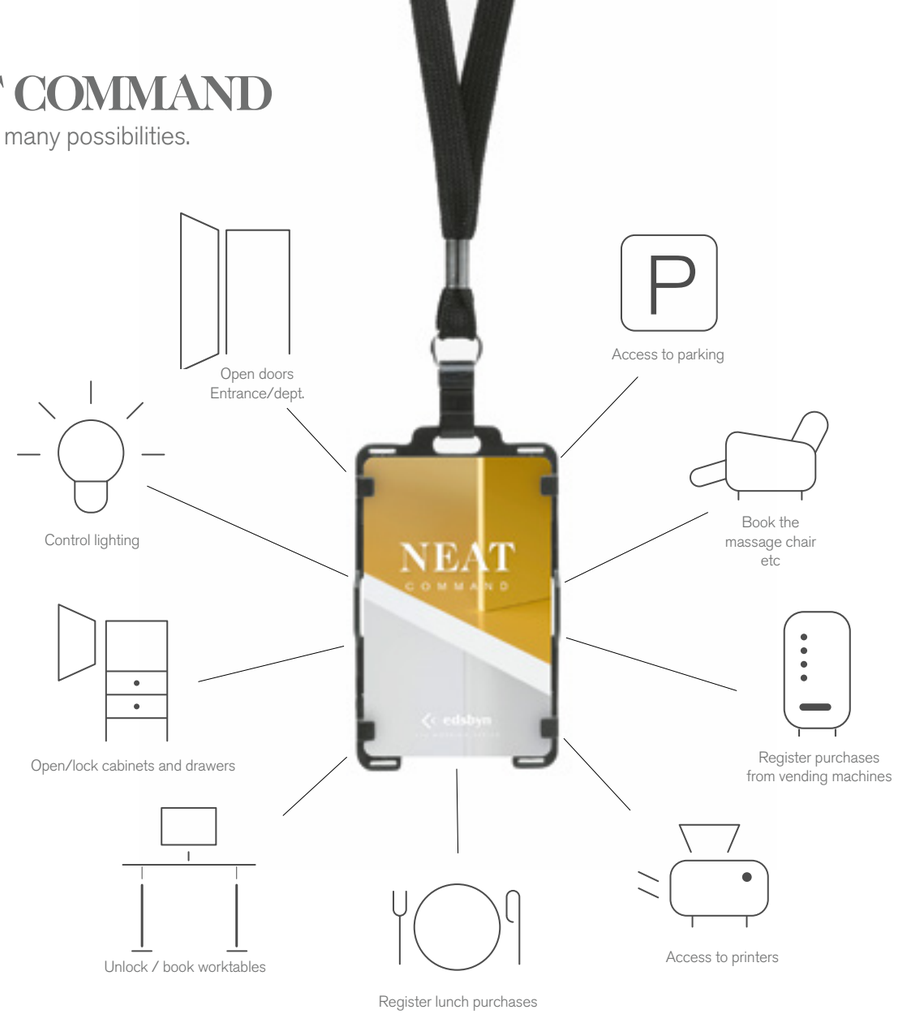
NEAT COMMAND

– One card, many possibilities.



ACCESS

Access to the parking garage, entrance, department, private lockers as well as technical equipment such as printers and projectors.

RESERVATION

Book storage lockers, workplaces, conference rooms etc.

REGISTER

Register lunch purchases, vending machine purchases etc. and deduct the cost directly from the employees' salaries.

CONTROL

Control lighting etc. so that it's only on during working hours when the workplace is staffed.

TECHNOLOGY

NEAT Command uses proven RFID technology (Radio-frequency identification) and the software is developed and made in Sweden. In daily life you run into RFID in for example bus passes, ski passes, shop alarms, ID-cards etc. Regardless if you want to work with EM 125 kHz or Mifare, NEAT Command delivers.

ADAPTABILITY

Your needs decides the solution and every project is unique. Use already existing access control systems and complement with locking of furniture etc. or create a completely new system. Brief us of your needs and we'll create the best solution together.

Opus light (3 Legs) 08**405**

FOOT

OPUS LIGHT FOOT

TECHNICAL SPECIFICATION

Beamless electrical stand with rectangular leg profile. Flexiframe function:

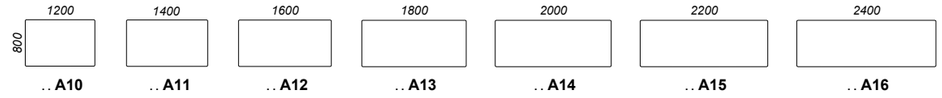
Height-adjustment with push button.

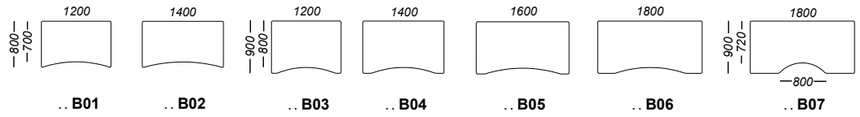
2 Legs adjustable width: 1150-1740 mm.
3 Legs adjustable width (main tabletop): 1740-2150 mm.
Adjustable depth (side tabletop incl. main tabletop): 1540-2130 mm.

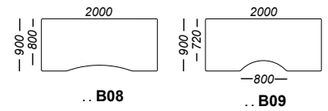
AVAILABLE IN TWO DIFFERENT HEIGHT INTERVALS
675-1175 mm, exc. table top (2-piece telescopic/leg).
605-1265 mm, exc. table top (3-piece telescopic/leg).
The electrical stand can accept approximately 100 kg of evenly distributed load (table top included).

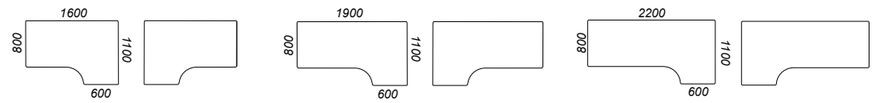
Only one version of foot, Opus Light foot.
Without attachment for accessories.

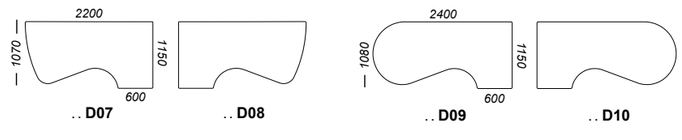
* *Opus worktable in ash, oak, beech or laminate. With powder coated stand.*

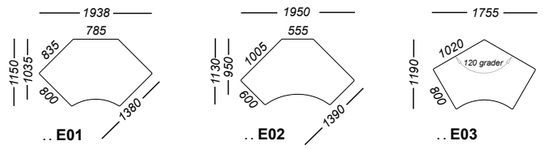


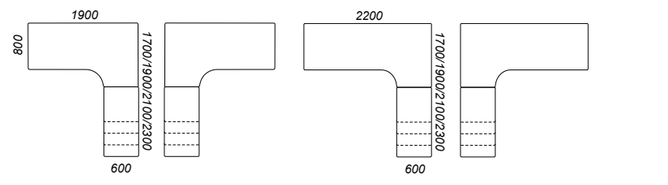


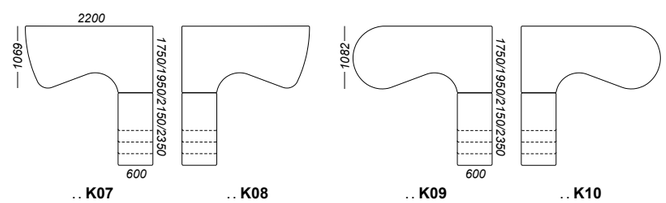












PART Storage 3 x A4, black cabinet, doors in black stained veneer with black handles.
PART Storage 4 x A4, cabinet in white glazed ash, white doors (S 0500) with white handles.

PART

The room-dividing storage system, with a back side as attractive as its front. To give structure to the open plan office, it has generous proportions. Choose between open shelves and sliding doors.

The Part family has many options such as lockable doors, safe deposit boxes, drawer fittings, wheels or closed wooden plinths etc.

TECHNICAL SPECIFICATIONS

SHELVES

The shelves fulfill loading requirements according to standards.

FRAME

The frame is constructed of chipboard or MDF in 19, 22 and 25 mm with a birch or oak veneer or white topcoat. The veneer is 0.6 mm thick. Edge strip in wood or ABS. Some edges have open flat MDF edges, including the fronts of the drawer inserts. Backs in 10 mm MDF.

Plinths for the storage units are available with legs including plinth frames in metal or with closed plinths in fibreboard. All plinth solutions have adjustable feet.

Part can be delivered as a "knock down" version to order.

PIECE

Piece is a series of furniture for creative work and meetings. The Piece table is a media-ready table perfect for spontaneous meetings with or without laptops, phones and iPads. Piece Serve is a stylish recessed holder that are easily placed in the cut-out for the cable management.

Piece wall-mounted wardrobe is easy to position and creates an airy feeling wherever it is in the office.

PIECE TABLE

All tables have legs, but few have as much attitude as Piece.

The 730, 900 and 1060 mm heights facilitate a wide range of working situations. From sitting work to sitting or standing meetings. Planned or spontaneous. Strict or creative.

For computer work, the Piece table is available with cable holes and cable trays to manage all of that unsightly but necessary cabling. Choose between round and rectangular Piece tables. The latter can be made into as long a table as you require.

Another smart accessory is our new Piece Serve, a recessed holder that you can place right in the middle of the table. Use it as a storage tray by day, as an ice bucket for your evening celebration or even as a planter for fresh herbs that can add that finishing touch to your lunch hour.

PIECE SERVE
ROUND

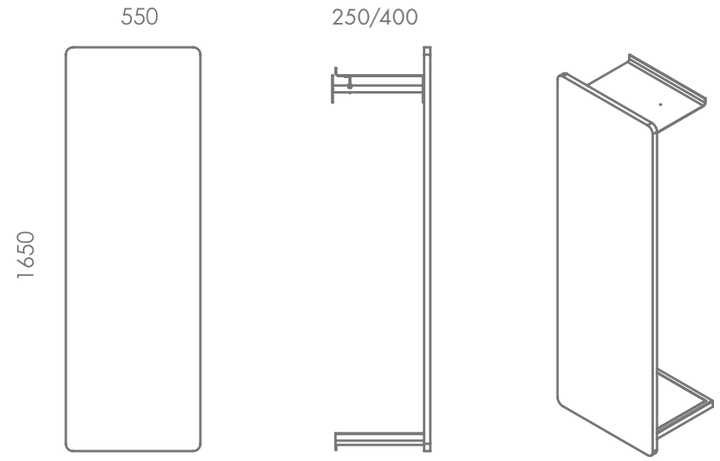
PIECE HANGER

A slim and smart wall mounted clothes rack/wardrobe with a hat rack.
The front is available as a magnetic whiteboard, mirror, laminate,
veneer or as painted surface. Add a shoe-rack and
a clothes hook for more function.



40**X02**

PIECE Hanger, oak veneer. PIECE Hanger, whiteboard (other colours than white is optional).

RESOLVE

A room within the room. Resolve makes possible seclusion and undisturbed conversations in open plan offices and public environments. The sofa and armchair have generous widths – so that you can have your laptop and other work material alongside you if you want to work.

With its characteristic form and upholstery, Resolve is a future classic.

Design Dan Ihreborn

Back cushions in feather / down.

Steel frame in chrome or white lacquer.
Upholstered laminated fabric Samar.

RESOLVE PLAY

Create a room within the room, with Resolve Play you can easily put two sofastogether. The key is that the edges of the partition wall and the sofa can be connected using Velcro. Create a small conference room by adding an AV-prepared partition wall.

Resolve Play can be dressed in a number of fabrics and variants, even with different fabrics on the frame, seat and cushions.

Both the one and two-seater versions are generously broad, which creates space for laptops and other equipment.

Design by Dan Ihreborn.

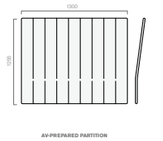
31**GA**



31**GD0**
31**GDT**

TECHNICAL SPECIFICATION

Resolve Play can be upholstered in many different fabrics and favourably even use different fabrics for the frame and the seat and cushions.
With the help of a partition wall, which can be obtained AV-prepared, two sofas can form a small conference room.
Connecting the partition is done with velcro (which is specified when ordering.

SHELVING SYSTEM

The shelf system is a rational storage method. Screw the support strip in place and hang up the rails. Quick and easy.

Recommended when you want to change the fittings as your needs alter. In combination with our shelves, wall-mounted cabinets, noticeboards etc. you obtain a complete, flexible system for wall-mounted storage.

SHELVING SYSTEM

Wall-mounted rail 1670 mm **13AA1**

Incl. cover strip. White, black or silver laquer

Wall-mounted rail 2800 mm **13AB1**

Incl. cover strip. White, black or silver laquer

Hanging rail 1237 mm **13BA1**

White, black or silver laquer

Hanging rail 1950 mm **13BB1**

White, black or silver laquer

Shelf 803x300 mm **13CA1**

Shelf with core in chipboard (for max load 30 kg), or melamine-faced chipboard (for maximum load 60 kg).

Shelf 803x416 mm **13CA2**

Shelf with core in chipboard (for max load 30 kg), or melamine-faced chipboard (for maximum load 60 kg).

Shelf 803x600 mm **13CA3**

Shelf with core in chipboard (for max load 30 kg), or melamine-faced chipboard (for maximum load 60 kg).

Magazine shelf 803x300 mm **13CD1**

Shelf in plexiglass with 30° inclined console. Height of the edge in the front 40 mm.

Bottom shelf **13CE1**

Bottom shelf for use by Reflect upper unit 10NB1 or 10SB1 in shelving. Covered gable.

Assembly kit for wall-installed rail **13Z01**

For drywall incl 5 pcs molly fittings. Bearing strip 2800 mm needs 2 installation kits.

Supporting foot for hanging rail **13Z02**

Used as extra support when needed. Adjustable +15 mm. Handles up to 15 mm deep and 105 mm high baseboards.

Accessories hook for wall-mounted rail **13Z03**

Hooked into the bearing strips lower track. Height 40 mm.

Textile board **13Z04**

Textile board hung in the hanging rails for shelving systems. Width 790 mm, height 1235 mm.

Notice-board **13Z05**

Board of cork with a pen shelf in metal. Width 800 mm, height 620 mm.

TECHNICAL SPECIFICATIONS

Shelf 13CA1, 13CA2 and 13CA3 is 803 mm wide and is available in 300, 416 and 600 mm depths.

Newspaper shelf art. no. 13CD1 is manufactured in curved plexiglas.

Textile sheet 13Z04 is manufactured in 10 mm board and 7 mm of sound absorbing material, which is upholstered with one of our standard fabrics for screens or with the customer's own fabric. For the customer's own fabric, the quantities are: monochrome fabric, 1.5m of width 130 cm; monochrome fabric, 0.9 m of width 150 cm.

Bulletin board 13Z05 consists of a cork board mounted on fibreboard with an edge strip, and a sheet metal pen shelf.

Other accessories are an accessory hook and folder support 10626.

The above fittings, together with rails and shelf ends, are powder coated and available in white, black or silver lacquer.

Shelves are manufactured from laminate or veneered chipboard. The veneer is knife cut from beech or birch and natural coloured. Oak is available as an option. The veneer is approx. 0.6 mm thick. Shelves in 300 mm and 416 mm depth are veneered on both sides. Balancing foil is glued to the underside of the 600 mm thick shelf/work surface. The edges of the shelves and cabinets are flat and edged with wood or ABS edging strip. The edges on the slotted screen are flat MDF edging. All edges have the same strength.

SOLID TABLE TOP

A solid wood table top produced in full stave, which gives it a substantial and elegant expression. The top has a balanced edge that is easy on both the hand and the eye. A groove on the underside offers a comfortable grip that makes it easier to move the table.

Solid Table Top comes in many different sizes and fits on our table legs Cone Table and Feather's pillar stand. Choose between Ash and Oak Natural, which are treated with our carefully selected varnish to preserve the sense of wooden structure and its natural shades.

"We are proud of our new Solid Table Top! Edsbyn's and my love for solid wood has now become a reality." – Jens Fager

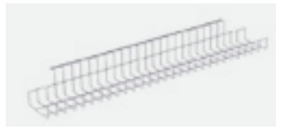
ACCESSORIES

In our range of accessories for the table,
we can offer the most in cable management, computer
management and display management.

We can also supply other variants than those found
in the price list, please contact us for more information.

ACCESSORIES
FOR WORK TABLES

Wire cable tray **09677A012 09677A013**
Light and flexible construction.
Installation under the table top.
Black, silver or white laquer.



Cable tray Flexi **09670A001**
Assemble directly to the table top. Adjustable in length between 930-1600 mm. Width 145 mm, height 155 mm (including mount). Pivoting on both sides, for easy access to cables and connectors.

Cable tray Halfpipe **09677A014 - 09677A018**
Bowl-shaped cable tray in aluminum. Adjustable swivel function for easy access. Width 170 mm, height / depth of 80 mm. Black or silver laquer.

Cable Box **09688**
Ø 88 mm. For Ø 80 mm hole in the tabletop. With two lids for cable entry when choosing silver, white or black. With brush for cable entry when choosing chrome or silver with brush.

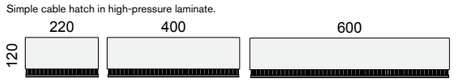
Bi-Box small **09677E**
300x150 mm. For 286x135 mm cutout in the tabletop. Cable access and cable tray in one piece. Door can be opened in both directions. Soft closing function. Can be supplemented with Power-inlay (equipped) ordered separately.

Cable Port **09679B**
90x90 mm. For Ø 80 mm hole in the tabletop. Front made of brushed steel. 1 power socket, 1 network, 1 HDMI and 1 USB (PC is required to operate USB). 1.5 meter cable.

Cable Box **09688**
Aluminium with brush.
Ø 88 mm. For Ø80 mm hole in the tabletop.

Axessline Quickbox **09678A069**
The product's spring mechanism automatically opens the cover with the simple push of a button.
1 power, 2 USB-charger.

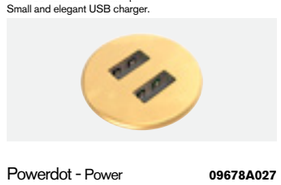
Cable hatch with brush **09...**
Simple cable hatch in high-pressure laminate.



Axessline QI-Charger **09678A068**
For Ø60 mm hole in tabletop.

--- **09678A084**
Axessline QI-Charger for UK sockets.

Powerdot MICRO - 2 USB **09678A074**
For Ø30 mm hole in tabletop.
Small and elegant USB charger.



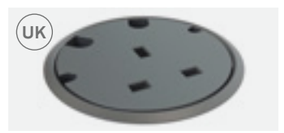
--- **09678A083**
Powerdot MICRO for UK sockets.

Powerdot - Power, Data, USB **09678A014**
For Ø 80 mm hole in the tabletop. USB charger and Data jack in multi-level arrangement for hidden cable connectors. 1,5 meter power cord.

--- **09678A080**
Powerdot for UK plugs.

Powerdot - Power **09678A027**
For Ø80mm hole in tabletop. 1 power, 4 feed-throughs.

--- **09678A080**
Powerdot for UK plugs.



Axessline Desk 2 power, 2 USB **09678A070**
Assembles with clamp. 2 power, 2 USB-charger.

--- **09678A079**
Axessline Desk for UK plugs.

Powerdot MINI - Power **09678A063**
For Ø51 mm hole in tabletop. 1 power socket.

Powerdot MINI - USB **09678A064**
For Ø51 mm hole in tabletop. 2 USB for charging.

Powerbox **09677A**
330x170 mm.
For 286x135 mm cutout in the tabletop.

Axessline Desk 2 power **09678A071**
Assembles with clamp. 2 power, 2 data, 2 USB-charger.

Tabletop slim - 1 power, 2 USB **09677A030**
Hole in tabletop 64x161 mm.

Tabletop slim - 2 power **09677A029**
Hole in tabletop 64x161 mm.

Powerdot - Power, USB **09678A059**
For Ø80mm hole in tabletop. 1 power, 1 USB charger, 1 USB-C, 2 feed-throughs.

Powerdot MIDI - Power, USB **09678A087**
For Ø60mm hole in tabletop. 1 power, 1 USB charger.
For UK plugs.

Waste sorting LiftSopi **09678A037**
Rotatable return & waste system that takes up little space under the desk. Height 390, width 255 mm. Waste bags are included. Can be supplemented with runner. Silver.

Laptop holder LiftLap **09678A029**
Holder for laptop that can be used both horizontally and vertically. Compatible with docking station. 320x355 mm. Colour silver. Slide channel (for sliding and swiveling holder) must be ordered separately.

Runner for LiftLap and LiftSopi 300mm **0967800004**
Runner for LiftLap and LiftSopi.
Length: 300mm. Silver.

Runner for LiftLap and LiftSopi 400mm **0967800009**
Runner for LiftLap and LiftSopi.
Length: 400mm. Silver.

Replicatorholder **09678A073**
Holder for Port replicator, optionally placed under or above the tabletop.

V4 Monitor arm **09677A027**
Assembles with clamp or with desk mount.
Maximum load 8 kg.

V4 Twin Monitor arm **09677A028**
Assembles with clamp or with desk mount.
Maximum load 8 kg per arm.

Self-closing braided tube **09678A092**
Avaiable in both single and double variant. For mounting under tabletop and seatings.

Computer holder TurnIT - slide and turnable **09677A004**

LiftHolder Laptopholder **09678A072**
Functional storage for laptop.

Powerdot Bracket MINI **09678A065**
Avaiable in both single and double variant. For mounting under tabletop and seatings.

Wireless charger **09386A010**
Wireless charger for installation in Ø80 mm hole in table top.
1 meter power cable.

Computer holder LiftFix **09678A031**
For laying or standing PC.
Incl: straps L. 1500 mm, 2 flat iron profiles, incl. 60 mm spacer.

Computer holder LiftFlex **0967840012**
Sliding runner with a convenient handle that can be rotated 360 °, and with the rail for smooth and stable ride. With unique function for easy disassembly of the computer. Height Distance (height 65 mm) are included.

Computer holder QuickClick **09678A030**
Adjustable in width (50-135 mm) and height (225-435 mm). Can be supplemented with sled that makes computer holder rotatable.

USB charger (2xUSB) **45Z21**
USB 230V, 2xUSB-ports. Incl 1 cord (1 m).

USB cord (1 m) **45Z22**

Monitor arm D-Zine **09677A020**
Gas lift arm which is easily adjustable in height and width. Vesa 75 and 100. Note: Check the monitor's weight so that the weight range is correct (1.5 to 8.5 kg). The arm comes with four installation options (desk clamp, through tables, edge mount and through cable entry).
Can be supplemented with bracket for two monitors.

Bracket for two monitors **09677A021**
Maximum screen width 670 mm / monitor
Silver, White or Black.

Laptop-holder TwistIT **09677A002**
Twistable and rotatable holder for laptops and small CPU´s. Takes minimum space underneath the table. Can be used horizontally and vertically.

Drawer pull-out with lock **09677A005**
Pencil drawer with lock to be mounted under the desk, with the possibility to mount SetUpit or CPU holder under this drawer.

LYKKE LED Lamp **09678A094**
Assembles with universal clamping bracket on table screen. Adjustable brightness and color temperature. Shuts down after 15 minutes in the absence of persons.

NIILA Lamp **09678A062**
Lamp with USB charger. Adjustable 5-step brightness controll. Equipped with Eco-timer which automatically turns off the lamp after 4 hours usage. The lamp can be folded.

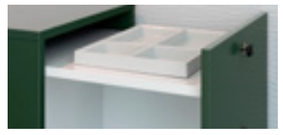
Pen compartment **0967700001**
In black plastic. Screwed under the tabletop or shelf. Width 380 Depth 370, height 30 mm (including expansions).

Pen Box rotatable **09678A036**
Rotable box in plastic. Silver.
Width 345 Depth 208 mm.

OCHNO Power Desktop **09678A078**
Type-C based docking station with unique features for the future flexible workplaces, up to 4 laptops/mobiles to one screen. 4 USB-A for connectiong PC accessories,1 Dual DisplayPort for connecting monitors,

OCHNO Socket USB-C **09678A076**
For Ø18 mm hole in tabletop. Small and smart socket with 3+1, charge, communication and docking/video (depends on which head unit). Head unit order separately.

Tidy tray Pennfack **09Z01**
Pen tray in plastic. 316x240 mm. Height 27 mm.



Hanging Cable tube **09678A093**
Stylish and practical cable tube. Up to 1252 mm in total height.

ACCESSORIES

FOR STORAGE

OPEN FILE BOX MAPPI A4 — 10678

On expansions, to be screwed on a shelf.
W 345, H 293, D 325.

ADJUSTABLE FILE BOX (300-460 mm) — 1067840040

Without anti-tilt, adjustable width.
W 300-460, H 90, D 340.

ADJUSTABLE FILE BOX (540-810 mm) — 1067840080

Without anti-tilt, adjustable width.
W 540-810, H 90, D 340.

TIDY TRAY — 09Z01

Pen tray in plastic. 316x240 mm. Height 27 mm.

CLOTHES HOOK — 10623

To mount on the gable of Access cabinet or shelf.

FILE SUPPORTING BOW — 10626

Easy to mount on Access shelves to support files.
H 82, D 235.

ACCESSORIES

FOR DESK SCREENS

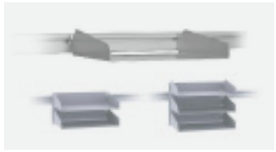
PAPER

Accessories rail **09670x1080-09670x1180**

In aluminum. Suitable for mounting on Edsbyn table screen 548 and 549.
NOTE: Max load when mounted on table screen is 8 kg. Think of leverage.

Post compartment **09670x2001**

Width 330 mm, Depth 220 mm, Height 70 mm.
Total height 2 compartments: 190 mm,
3 compartments: 280 mm.



Bookend/binder shelf **09670x2004**

Measurements: 270x250x200 mm (width x depth x height)

Pencil tray **09670x2002**

Measurements: 80x80x110 mm (width x depth x height)

Shelf / Pencil jar **09670x2003**

Measurements: 300x230x50 mm (width x depth x height).

Sorting compartment **09670x2005**

With three removable separators, tilting left / right.
Measurements: 330x230x250 mm (width x depth x height)

CONCEPTUM

Accessories toolbar rail **09678A088 09678A089**

Profile with unique mounting rail for external installation on table screen or integrated installation in table screen.

System shelf C5 **09678A047**

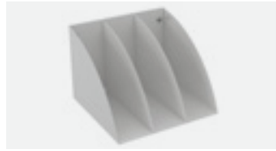
Storage for papers or other things. Detained simply on Conceptum toolbar rail. Width 222 mm, Depth 166 mm.

System shelf C4 **09678A048**

With three removable separators, tilting left / right.
Measurements: 330x230x250 mm (width x depth x height)

File & Catalogue holder **09678A049**

Holder for A4 Binders or publications.
Width 270 mm, Depth 255 mm, Height 200 mm.

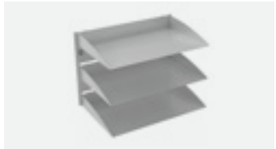


Pen & Gadget holder **09678A050**

Stores your pens, mobilephone etc.
Width 80 mm, Depth 50 mm, Height 116 mm.

In-Tray 3xC4 size **09678A051**

3 x C4 System shelves including console.
Width 324 mm, Depth 230 mm, Height 252 mm.



Laptop Pocket **09678A052**

Used to store a small laptop or notebook.
Width 280 mm, Depth 45 mm (inner depth 35 mm), Height 140 mm.

Headset holder **09678A054**

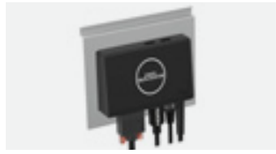
Wide and stable bracket for mounting on Conceptum rail.

Whiteboard **09678A055**

Magnetic whiteboard in C5 size. With Pen shelf.
Width 165 mm, Depth 36 mm, Height 225 mm.

Port Replicator holder **09678A053**

Supplied with Velcro bracket for flexible mounting of port replicator in the desired position. When mounting on an external rail, hold the holder vertically using the supplied spacer cover.



Monitor arm Stockholm **09678A056**

3 joints gas spring arm with 300 mm reach. Design with an ingenious quick-lock for the monitor. Monitor weight 3-8 kg. VESA 75/100.

Monitor arm Stockholm **09678A057**

3 joints gas spring arm with 300 mm reach. Design with an ingenious quick-lock for the monitor. Monitor weight 8-14 kg. VESA 75/100.

Monitor arm Stockhom - Duo-Bar **09678A052**

3 joints gas spring arm with 300 mm reach. With Duo-Bar for 2 monitors. Monitor weight (2x) 3.6-6 kg. VESA 75/100.

ACCESSORIES

FOR CONFERENCE TABLES

Cable tray conference **09677A019**

Larger cable tray with foldable ends if you wishes to connect two or more cable trays. 660x268 mm. Height 140 mm.

Bi-Box small **09677E**

300x150 mm. For 286x135 mm cutout in the tabletop. Cable access and cable tray in one piece. Door can be opened in both directions. Soft closing function. Can be supplemented with Power-inlay (equipped) ordered separately.

Bi-Box large **09677G**

605x150 mm. For 592x135 mm cutout in the tabletop. Cable access and cable tray in one piece. Door can be opened in both directions. Soft closing function. Can be supplemented with Power-inlay (equipped) ordered separately

USB charger (2xUSB) **45Z21**

USB 230V, 2xUSB-ports. Incl 1 cord (1 m).

USB cord (1 m) **45Z22**

Cable hatch with brush **09...**

Simple cable hatch in high-pressure laminate.

Cable hatch with brush **09...**

Double cable hatch in high-pressure laminate.

Axessline QI-Charger **09678A068**

For Ø60 mm hole in tabletop.

--- **09678A084**

Axessline QI-Charger for UK sockets.

Powerdot MICRO - 2 USB **09678A074**

For Ø30 mm hole in tabletop.
Small and elegant USB charger.

--- **09678A083**

Powerdot MICRO for UK sockets.

Axessline Quickbox **09678A069**

The product's spring mechanism automatically opens the cover with the simple push of a button.
1 power, 2 USB-charger.

Axessline Quickbox **09678A075**

The product's spring mechanism automatically opens the cover with the simple push of a button.
2 power, 2 USB-charger, 2 data.

Powerdot Small **09678A066**

Complete package for a stylish and funtional solution to the conference table. Be supplemented with the desired Powerdot for Ø80 mm holes. 3-way power strip included.

Powerdot Large **09678A067**

Complete package for a stylish and funtional solution to the conference table. Be supplemented with the desired Powerdot for Ø80 mm holes. 6-way power strip included.

Powerdot MINI - Power **09678A063**

For Ø51 mm hole in tabletop. 1 power socket.

Powerdot MINI - USB **09678A064**

For Ø51 mm hole in tabletop. 2 USB for charging.

Self-closing braided tube **09678A070**

Avaiable in both single and double variant. For mounting under tabletop and seatings.

OCHNO Socket USB-C **09678A076**

For Ø18 mm hole in tabletop. Small and smart socket with 3-i-1, charge, communication and docking/video (depends on which head unit). Head unit order separately.

OCHNO Power Conference **09678A069**

Type-C based charging and video switch with unique features connecting, up to 4 laptops/mobiles to one screen or projector. Includes 4 buttons for source selection. 2 USB-A for keyboard / mouse, 1 HDMI for monitor/ projector, 1 RJ-45 (network). Has Wi-Fi support.

EDSBYN FACTORY

IN THE HEART OF SWEDEN

Furniture production has been our main business since the early start in 1899. The 40.000 sqm large building was completed in 1964 and is together with the head quarter located in Edsbyn, in the heart of Sweden.

In addition to a comprehensive standard range we modify standard products and create customized solutions in close collaboration with our costumers.

A major investment in streamlining the factory flow has been successfully completed in 2019. Edsbyverken is a flexible, automated and streamlined factory.

SUSTAINABILITY

A GUIDING PRINCIPLE

Edsbyn strives to be your natural choice when making furniture selections while considering sustainability and care for the environment. We are constantly working to improve our production processes and carefully select all of the raw materials we use.

CERTIFIED PRODUCTION

Edsbyverken is certified according to quality and environmental management standards: ISO 9001 and ISO 14001.

We expect materials from our suppliers to fulfil the criteria for environmental certification – and we require our suppliers to accept ethical and social responsibility, just like Edsbyn does.

CERTIFIED PRODUCTS

Certified according to Möbelfakta means:
Technical quality standards for sustainability, stability and safety and for surface resistance.
Environmental standards for materials and products.
The environmental standards primarily relate to raw materials and components used during manufacture, while the product standards relate to the completed item of furniture.
Producers and subcontractors undertake systematic occupational health and safety work and comply with current occupational health and safety legislation.

NORDIC SWAN ECOLABEL

Edsbyn was the first manufacturer of office furniture to be Nordic Ecolabelled.

Our latest example of a Nordic Ecolabelled product is the Ease screen system which is manufactured from a material normally used for sound absorption in vehicles. It consists of recycled textiles and PET bottles, which makes Ease a good example of sustainable product development.

VENEER MATCHING

– NATURAL VARIATIONS IN WOOD

The veneers that Edsbyn uses in its manufacturing derive from natural forests and from sustainable forestry. Each tree is unique, and this produces natural variations in the appearance, structure, and nuance of each veneer.

It is indeed the variation that occurs between different trees and annual rings in the wood that makes veneer products so vibrant and real in its expression.

If you expect a strictly uniform appearance in the products in which you are investing, you should instead opt for a surface made of a material produced in a controlled industrial process, such as a laminate, HPL, or finish-coated surface.
