- 1 Placera monteringshjälpmédlet (C) med det stora urtaget mot soffans kant. Placera monteringsplattan (B) i urtaget på monteringshjälpmédlet och skruva fast med skruv (D). Se illustrationen nedan.
Place the mounting help (C) with the big recess towards the edge of the sofa. Place the mounting plate (B) in the recess and assemble with screw (D). See illustration below.

- 2 Gör samma procedur på motsatt soffa, men använd det mindre urtaget på monteringshjälpmédlet (C). Placera krokodilbeslaget (A) i urtaget och skruva fast med skruv (D). Se illustration nedan.
Do the same procedure on the other sofa, but use the smaller recess in the mounting help (C). Place the crocodile connector (A) in the recess and assemble with screw (D). See illustration below.

- 3 Vänd tillbaka sofforna och skjut ihop så att krokodilbeslagen hakar i varandra.
Turn the sofas over and push together so that the crocodile connectors hook into each other.
